## Happy New Financial Year?!?!?

Happy new (calendar) year! **Only10** of 2008 to go: have you reached or about to reach any of your goals for 2008? Hang on, do you have any goals for 2008?

Time milestones are important as they help us to evaluate the past, and plan the future so we make the most of our time – and money – today. Be effective with your time and finances! Do you have a budget? How are you going with your budget? Celebrate your success by rewarding yourself, and then get cracking with the next stage of your plan. Rewarding yourself is important in everything we do. From a coffee break, to a yummy fattening meal when watching the kilos, to the little splurge when budgeting.

Need some assistance? Then give Nathan a call to provide you with some budgeting tips and assistance.

## Welcome to the newsletter, and website!

March finally sees the creation of Morris Accounting's first newsletter, and the launch of our website!! So make sure you checkout [www.morrisaccounting.com](http://www.morrisaccounting.com) and be sure to subscribe to the newsletter to receive regular updates.

Read below for more articles, and also checkout the website for further info that I'm sure will provide you with some great information. Whilst the website has been setup for the next financial year, it does have a lot of useful stuff in the meantime, including important dates, FAQs and checklists. Please, provide feedback for suggestions on any areas where we can offer benefits for you and perhaps others.

## Morris Accounting checks out the farm

Principal Nathan Morris recently toured the [Rewards Group](#) operations outside Perth and Melbourne in late January. The purpose of the tour was not only to inspect personal investment in these projects, but also research and see first hand the other projects coming on board, in particular the berries project. Check out the [MA website](#) for more news and photos about this visit!

## What's Nathan been up to?

Before spoiling Helen over the last two weekends with a 6 course wine and food feast, and a beautiful weekend away at [Peppers Hidden Vale Resort](#), the jeep got dirty again, although this wonderful rain has cleaned it up a fair bit! The first weekend in Feb saw Nathan head down to The Springs 4x4 park with Herbie, Taylor and Angus, long time friends and clients of Morris Accounting. Much fun was had by all, and the park was a great place so we will be heading down there again soon.

## Recent news from ATO

Given the Christmas break, the ATO have been quiet, too busy processing tax returns and BASs! However the ATO have released some [tips for individuals and business for the new year](#).

Given the change of government late last year, it's time for me to keep my eye out for changes in government fiscal policy. The first one is on my [website](#). Checkout the news on the front page for more!

## Looking forward

With the Dec BASs completed in Feb, the March BASs come up quickly, and are due by 28 April. In the same time is Fringe Benefits Tax and Tax planning prior to 30 June. I have already started working with clients, particularly individuals, on some tax planning strategies for the 2008FY. Don't forget the tax effective agribusiness projects open and close quickly so if you would like more information please let me know ASAP. Projects available up to 30 June include berries, tropical fruits, sandalwood and teak.

## Who can we help?

I'm looking to help more individuals with their tax, individuals looking to set up their **own business**, and also **micro-small-medium businesses looking to grow**. Not only can I help these people with my knowledge, but I enjoy doing it! If you know anyone that could use my help, please give them my business card, send them my newsletter, or better still, get them on the phone and we will make an appointment to meet each other.

## How can we help you?

Have we completed your 2007 tax yet? All BASs up to date? Tax Planning? Budgeting and business planning? When you are ready to move onto the next level, let us know and we would only be too happy to help.

And then you can start thinking about your financial milestone reward....
